Re: Mr. Naveen Reddy Alka

Dear Officer:

I write this letter in regards to the above captioned individual. From 03/19/19 to 10/31/19, Mr. Naveen Reddy Alka was employed by Nordstrom in the full-time position of Senior Engineer. I am able to attest to this as I held the position of Engineering Manager, and directly supervised Mr. Alka from 03/19/19 to 10/31/19.

Mr. Alka was part of the Ordering and Allocation team and worked towards phasing out legacy monolithic old ordering systems and in this role he was responsible for feature design; evaluate designs and provide feedback, Influence quality standards and understand, identify, measure across entire solution, Identify performance issues and optimize solutions and demonstrate strong knowledge of security coding practices and secure system fundamentals.

In the position of Senior Engineer, he also gained experience with the following:

- (1) Java with Spring and Hibernate
- (2) REST and SOAP Web Services
- (3) Relational Databases MySQL and Postgres
- (4) Amazon Web Services (AWS) and Google Cloud Platform (GCP)
- (5) Requirement analysis and API Design
- (6) Version control systems, Git and SVN
- (7) Full-Stack Development and Distributed Systems Architecture
- (8) Object Oriented Programming and Test driven development
- (9) Data Structures and Advanced Algorithms
- (10) Unix/Linux and Docker systems.

Should you require any additional information about Mr. Alka's employment with Nordstrom, please do not hesitate to contact me at the number below.

Thank you.
Sincerely yours
