Re: Verification of Employment of Naveen Reddy Alka

To Whom It May Concern:

I am the Employee Relations Manager for Accion Labs, which is the direct vendor for Rackspace. I write to certify that Naveen Reddy Alka worked for Rackspace full time from March 2018 to April 2019. During that time, he held the position of Sr. Java Software Engineer.

In this position, Mr. Alka was part of the CMS team that design and develops new features and performance improvements, and addresses critical design issues in aging software systems. Richard Herman, Engagement Director to this account, supervised at this time. He can be reached at Richard.herman@rackspace.com.

Mr. Alka utilized the following skills while employed at Rackspace:

- Java
- Spring
- Hibernate
- Quartz
- Camel Integration
- PostgreSQL
- Jenkins
- Puppet
- Flyway

If you have any questions, you may contact me.

Very truly yours,
